

# James A. LeChase, PE

*Senior Vice President of Construction*

Mr. LeChase joined Conifer in 2001 as the Senior Vice President of Construction. Previously, he was the President of Nathaniel Development, a full service multi-family and single family homebuilder, since 1983.

A professional engineer, Mr. LeChase received his Bachelor and Masters Degrees in Civil Engineering from Clarkson University. He began his career in 1965 at Eastman Kodak Company as a Structural Engineer. He later joined LeChase Construction, Inc. in Rochester, New York where he was Vice President until 1975. Thereafter, he owned and operated his own construction company until co-founding Nathaniel Development.

Mr. LeChase brings over 35 years of experience in the multi-family construction industry with a significant concentration in affordable housing.
